We found Clint on Facebook under the an alteration of his name "Clinton Cooke" where he posts white supremacist content regularly such as quotes from American Nazi Party founder George Lincoln Rockwell and pictures of British fascist Oswald Mosley.

What grabbed our attention however, was that Clint attended the deadly 2017 Unite the Right Rally in Charlottesville, VA, and repeatedly makes vague indications of his involvement with the white supremacist group League of the South (LOS), referring to them as "our group"

Clint also posted vile misinformation and jokes about Heather Heyer, who was murdered by white supremacist James Alex Fields. He also posts about a pre-Charlottesville neo-Nazi coalition known as the Nationalist Front that LOS was involved in. [splcenter.org/fighting-hate/...](https://splcenter.org/fighting-hate/)

Clint was also briefly mentioned by @JamCityAntifa in an LOS dossier they put out, so be sure to give that a read!!
jamcityantifa.wordpress.com/2018/08/28/eve... we wanted to build on it however and get to know Clint a bit better :-)

Clint also regularly posts about his firearms, which, mixed with genocidal white supremacist politics, is a dangerous combination. Here is Clint's "frankengun" that he assembled.

While Clint goes by Clinton on all his social media, we have in fact confirmed his legal name is Clint Cassidy Gene McCook, using public records and his birthday (October 12, 1989) which he posted on Facebook, to verify this.

While, in order to presumably throw off antifascists, Clint claims to live in both Georgia and Tennessee, we have confirmed through public records and Clint's Facebook posts that he lives at an address in Sarasota, Florida nearby the Sarasota-Bradenton Int'l Airport

As for employment, it seems as though Clint worked for an area Walmart as of at least 2013, but we are unsure if Clint is still employed with Walmart. If you have any information on Clint or his employment please email me at afg161@protonmail . com !

Lastly, lets all have a laugh at Clint's hypocrisy (or maybe a bad attempt at sarcasm). Mind you, a few weeks before posting this, Clint posted a quote from the founder of the American Nazi Party... very convincing Clint.
